Question for Answer on the Day

(but not taken up)

Scarcity of Drinking Water in some Towns of Chikodi taluk

27. Sri J. S. AMMANAVAR (Sadalga).—

Will the Minister for Community Development and Social Welfare be pleased to state :—

(a) whether the Government is aware of the acute scarcity of drinking water in Chikodi, Sadalga, Examba, Borgaon towns of Chikodi taluk ;

(b) if so, the steps they have taken to provide drinking water supply facility to these towns ?

Sri M. MALLIKARJUNASWAMY (Minister for Community Development and Social Welfare).—

(a) Yes.

(b) Chikodi : Water supply scheme sanctioned for Rs. 7,39,800 under "Q. Loans and Advances" in the year 1963, though completed has not become fruitful as the storage reservoir did not receive water due to failure of rains in catchment area. The question of supplying drinking water from Ghataprabha High Level Canal is being examined. To tide over the scarcity for drinking water two dug wells and 2 bore wells are under construction. It is also proposed to sink 6 additional bore wells under "64 Famine". The PHE Division, Belgaum has been permitted to construct a well near Inspection Bungalow at Chikodi and to install necessary pumpsets at a cost of Rs. 50,500. This will tide over the situation until permanent source is decided upon.

Sadalga : Waterer Supply Scheme was sanctioned for Rs. 3,76,000 during 1969. The work is under progress and it is likely to be completed early.

Examba : The scheme is sanctioned for Rs. 4,25,500 and the work is under progress.

Borgaon : Plans and estimates have been drawn up for Rs. 4,60,700 and is under scrutiny with the PHE Division, Belgaum.
